DETAILED ACTION

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claim 1 is rejected under 35 U.S.C. 102(b) as being anticipated by Shu (U.S. 6,030,104).

Shu discloses (Fig.1) a soft shelled lamp shade [1] assembly directly with a bulb; a shade body formed of soft plastics having a good light transmission, heat dissipation function (col.1, lines 43-45) and can be made into any desired shape (variable outlook) [see Abstract].
